Assessment of observed performance in the workplace

Please describe the foundation doctor's observed performance in the workplace compared to the outcomes specified in the sections of the syllabus, within the Foundation Programme Curriculum 2016. The assessment ratings should be based on observations across a range of situations and of differing complexities. Please be as specific as possible within this section as an assessment of the overall placement will be required at the end of this report. A mandatory comment for each syllabus section (no longer each heading) is required to support/justify the ratings. Your judgement reflects whether the foundation doctor is on track to meet or exceed the minimum expected levels of performance, required for sign off in each of the 20 foundation professional capabilities at the end of the year.
