**F2 Person Specification**

All applications will be longlisted in accordance with the national person specification for F2 programmes. Some of the criteria will also be considered during the interview.

Applicants are advised to familiarise themselves with the complete guidance document to ensure they meet the requirements of the person specification at the relevant milestones in the application process. Please refer to the table on page 25 of the applicant handbook for a summary of when you are required to demonstrate you have met each of the criteria outlined in the person specification.

### Clinical Knowledge & Skills

#### Essential

The applicant must be of good standing and fit to practise medicine safely in accordance with GMC’s *Good Medical Practice (2014)* domains:
- Knowledge, skills and performance
- Safety and quality
- Communication, partnership and teamwork
- Maintaining trust

The applicant must demonstrate an understanding of the outcomes of the Foundation Programme Curriculum (2016).

The applicant must be familiar with requirements as set out in *Promoting excellence: standards for medical education and training (2016)* including the relevant core skills.

---

#### Desirable

**Clinical employment in the NHS.**

**Clinical experience in any public health service.**

**Evidence of Continuing Professional Development (CPD).**

**Knowledge and experience of UK health systems, practices and values and awareness of current issues in the NHS.**

**Computer literate.**

**Understands the importance and impact of information systems in health care.**

**Participation in clinical audit.**

**Experience of working in teams.**

---

### Language & Communication Skills

#### Essential

The applicant must have demonstrable skills in listening, reading, writing and speaking in English that enable effective communication about medical topics with patients and colleagues, as set out in the GMC’s *Good Medical Practice (2014).*

Primary medical qualification undertaken solely in English including all examinations undertaken solely in English and that the primary medical qualification included at least 75% of contact with patients in English. *NB: See list of institutions from which the GMC will not accept evidence of English language proficiency [here](http://www.gmc-uk.org/doctors/registration_applications/23567.asp)*

Or, a valid IELTS certificate with a minimum score of 7.5 in each domain (speaking, listening, reading and writing). *NB: IELTS is valid for 2 years and the above scores must be achieved in one sitting.*

OR, a valid Statement of Results from the OET with a minimum score of 400 in each domain (listening, reading, writing and speaking). *NB: OET Statement of Results is valid for 2 years.*

OR, a minimum of 3 months paid employment as a doctor in the NHS.
Acceptable ILS equivalent certificates:
1. Advanced Cardiac Life Support (ACLS) – valid for 4 years
2. Advanced Life Support (ALS) – valid for 4 years.
NB. ILS is valid for 1 year
