

Foundation e-learning programme update February 2022

Dear colleagues

Welcome to your February 2022 update about the Foundation e-learning programme. I would be grateful if you would share the information throughout your networks.

Welcome to your February 2022 update about the Foundation el-earning programme.

In the real-world things go wrong on a regular basis. When it happens to you what should you do?

Available in the e-learning for healthcare [Foundation Programme](#) (2021 curriculum) - these sessions cover areas in your curriculum on:

- FPC 1: Clinical Assessment
 - FPC 2: Clinical Prioritisation
 - FPC 3: Holistic Planning
 - FPC 4: Communication and Care
 - FPC 5: Continuity of Care
 - FPC 8: Upholding Values
 - FPC 11: Ethics and Law
 - FPC 12: Continuing Professional Development
 - FPC 13: Understanding Medicine

 - Human Factors and Analysis of Adverse Events <https://portal.elfh.org.uk/Component/Details/700703>
 - Medical Error: When Things Go Wrong <https://portal.e-lfh.org.uk/Component/Details/700375>
 - Hospital Acquired Fever: What to do if MRSA Positive <https://portal.elfh.org.uk/Component/Details/700379>
 - Hospital Acquired Fever with MRSA: What to do Next <https://portal.elfh.org.uk/Component/Details/700383>
 - Infection Control: Diarrhoea in an Inpatient <https://portal.elfh.org.uk/Component/Details/700387>
 - Infection Control: Air and Blood Borne Pathogens <https://portal.elfh.org.uk/Component/Details/700391>
 - Infection Control: Modes of Transmission <https://portal.elfh.org.uk/Component/Details/700395>

Check the programme to see other sessions that might help you...

You can [sign in to the elearning](#) with your login supplied by e-learning for healthcare at any time during your foundation training: <https://www.e-lfh.org.uk/programmes/foundationprogramme/>

HORUS and TURAS have deep links to el-earning for healthcare sessions from the Foundation Curriculum and therefore accessible to all trainees, making it quicker and easy to access the appropriate session linked to the curriculum.

SCRIPT – supporting safer prescribing practices

The SCRIPT Foundation programme is a suite of elearning modules specifically created to improve safety and competency among foundation trainees around prescribing, therapeutics and medicines management. The portfolios include [49 modules for foundation doctors](#), [8 modules for foundation dentists](#) and [59 modules for foundation pharmacists](#). These modules are delivered through a supported learning environment, specific to your school, without installation or technical requirements. In addition, SCRIPT is the mandated resource for PSA remediation and the programme is freely available to all foundation schools with no ongoing or associated costs. Each module takes approximately 60 minutes to complete and does not have to be completed in one sitting. All foundation schools are provided with a dedicated instance of SCRIPT specific to their region, including a full trainee reporting and monitoring tool. If you represent a foundation school and would like further information on this, please email Nicholas Blackwell: nic@ocbmedia.com to discuss it further.

<Ends>

With best wishes
Rachel
