

How to facilitate the scenario-based sessions for medical students and foundation stage trainees

Date and time: September 16th 2pm - 4.30pm

Location: Online - zoom (link to follow)

Facilitators: Dr Stephen Anderson - Consultant Psychiatrist specialising in eating disorders

Jess Griffiths - Clinical lead for beat

How to book: Email Sophie Clark, s.clark@beateatingdisorders.org.uk

Learning objectives for the session:

- Understand the content and the expected learning outcomes for the scenario-based sessions and e-learning modules
- Understand the process of booking a beat ambassador and incorporating their lived experience into the scenario-based sessions
- Learn how to facilitate the sessions with medical students and foundation trainees to maximise their learning
- Demonstrate application of the learning materials from e-learning modules into the scenario-based sessions

As preparation for the training session, we would like you to complete both the e-learning modules developed by Beat, the Faculty of Eating Disorders at the Royal College of Psychiatrists and Health Education England with support from the General Medical Council.

The modules can be found [here](#) and further details about the training can be found [here](#).
