We are very grateful for the continued support from the following organisations:

Introduction

Welcome to the National Foundation Doctors Presentation Day 2022. This event is proudly supported by the UK Foundation Programme.

We are thrilled to offer this opportunity for current Foundation trainees to present their work at a national meeting and look forward to seeing and hearing about their contributions to medicine and to the NHS.

Format

Foundation trainees from across the UK were invited to submit abstracts relating to Sustainability, Education, Research/Original Work, Clinical Case Reports, or Quality Improvement work undertaken during their Foundation Programme training.

Successful applicants have been invited to present on the day, with the top twenty being selected for Oral presentations in the main programme. Oral presentations will be 10 minutes, with 8 minutes to present and 2 minutes for questions.

Up to 180 further abstracts have been selected for poster presentations. Poster presentations are carried out in a “mini-oral” format. The audience is a much smaller group made up primarily of the other presenters in the poster group and the presentations last just 3 minutes – 2 minutes to talk through the poster to the judges and 1 minute for questions.

Poster presentation groups will run concurrently with the main programme.

Prizes

One oral presentation and one poster from each poster group will be selected for a prize. The oral presentations and each poster group will be assessed by a group of judges against a set of criteria including choice of subject, presentation and visual aid, depth of knowledge, evidence or research or literature review, and conclusions.

About National Foundation Doctors Presentation Day

For over ten years, the National Foundation Doctors Presentation Day has highlighted and celebrated the achievements of Foundation doctors.

Like a conference in format, the event also provides opportunities for organisations such as the GMC, NICE, NCEPOD and more to engage with this dynamic and enthusiastic cohort of junior doctors at the start of their career.

Fascinating speakers have volunteered to give the Keynote talk, covering all sorts of topics – expeditions to Everest, delivering a baby gorilla by caesarean, sleep! And this year, we are delighted to be welcoming Surgeon Lieutenant Commander Tobias Johnson, Royal Navy, as our Keynote speaker.

The primary focus, however, is on F1 and F2 trainees delivering oral and poster presentations, showcasing their work in Sustainability, Case Reports, Education, Research, and Quality Improvement with their peers and senior Foundation faculty, and inspiring us all.

Speakers

Dr Mike Masding, MA (Ed) FRCP

Dr Mike Masding is the Lead Foundation School Director in England and Co-chair of the UK Foundation Programme Office. He is joint Head of Wessex Foundation School with Dr Steve Taylor, having previously been Foundation Programme Training Director and Director of Medical Education at Poole Hospital. The subject of his MA(Ed) dissertation at the University of Winchester in 2010 was Workplace supervision of Foundation doctors. He also continues his clinical work as a Consultant Physician & Diabetologist in Poole, and in what's left of the week spends time with his family, cycles as much as possible and continues to be senior crowd doctor at AFC Bournemouth.

Dr Clare van Hamel

Dr Clare van Hamel is the Severn Foundation School Director and a Consultant Anaesthetist. Clare conceived the National Foundation Doctors Presentation Day in 2011 and she has delivered it as annual event with her hardworking and enthusiastic Severn Foundation School team. The event has become one of the most enjoyable days in her calendar.

Surgeon Lieutenant Commander Tobias Johnson

Lt Cdr Toby Johnson is a Royal Navy GP who has deployed on multiple submarines and worked at the Royal Navy base at Faslane where he was responsible for being the clinical supervisor for the Royal Navy General Duties Medical Officers who work there. He also had a brief period working with the British Army at the Medical Reception Station in Dhekelia Cyprus and is currently working on board the HMS QUEEN ELIZABETH.

Faculty

We would like to warmly thank our faculty who have kindly given up their time to participate in the abstract shortlisting process and as judges on the day:

Rani Ackerman, Severn
Jacqui Baines, North West of England
Natalie Band, Peninsula
Ritwik Banerjee, EBH
Denise Barber, LNR and Trent
Helen Barker, East Anglia
Angela Burton, Northern
Fiona Cameron, Scotland
Gillian Carter, Scotland
Rachel Chall, Medical Schools Council
Julian Chilvers, West Midlands Central
James Choulerton, Severn
Tony Choules, UKFPO
Shane Clark, Yorkshire and Humber
Elaine Colaco, UKFPO
Mark Cottee, South Thames
Keren Davies, North London
Anne Edwards, Oxford
George Fahey, Oxford
Trudi Geach, Peninsula
Alison Ingham, Wales
Craig Irvine, Yorkshire and Humber
Joanne Huish, Wales
Amelia Isaac, UKFPO
Jane Jacobi, NICE
Helen Johnson, East of England
Charlie Mackaness, Trent
Suzanne Maddock, Peninsula and Severn
Nicholas Mahoney, NCEPOD
Mike Masding, Health Education England
Clare McKenzie, NHS Education for Scotland
Abigail Moore, British Medical Association
Jane Morrin O'Rourke, GMC
Chipo Ndlovu, West Midlands North
Anthea Parry, North London
Anna Parsons, Wessex
Jonathan Randall, Severn
Sarah Rawlinson, Peninsula
Christine Rea, Scotland
Sue Reid, Yorkshire and Humber
Winston Rennie, LNR
Paul Reynolds, South Thames
Jon Scott, Northern
Julian Shepherd, North West of England
Maisie Shrubbsall, Severn
Samantha Simpson, UKFPO
Tanu Singhal, LNR
Victoria Stanford, Centre for Sustainable Healthcare
Stephen Taylor, Wessex
Clare Van Hamel, Severn
Tor van Hamel-Parsons, Oxford
Kata Varnai, UKFPO
Emma Wales, West Midlands South
Rachel Ware, GMC
Lynn Wilson, Northern Ireland
Rachel Wood, Severn
Tom Yapp, Wales

15:45	Announcement of Prize Winners		
16:00	Close and Evaluation		

Oral Presentations

- 01ORA** **'Problems, Pitfalls and Panic (PPP) Clinic' – a novel solution to a crisis in Junior Doctor confidence, aiming to instil a sense of 'you are never alone' in an Balint/Schwartz-esque setting but is less formal and more relaxed, with experienced seniors.**
Edmond Rostand, Leila Rezvani Yorkshire and Humber Foundation School
- 02ORA** **Sutures versus clips for skin closure following caesarean section: A systematic review, meta-analysis and trial sequential analysis of randomised controlled trials**
Elizabeth Peterknecht, Shafquat Zaman, Ali Yasen Y West Midlands Central Foundation School
Mohamedahmed, Reza Md Zakaria, Saeed YY
Mohamedahmed, Shahab Hajibandeh, Shahin Hajibandeh
- 03ORA** **Paediatric Pancreatic Transection: Case of Mountain Bike Handlebar Injury**
Mohamed Arshat Unais Wales Foundation School
- 04ORA** **An audit of ascitic paracentesis in patients with decompensated cirrhosis investigating if primary prophylaxis of spontaneous bacterial peritonitis (SBP) was commenced accordingly.**
Chloe Butel West Midlands Central Foundation School
- 05ORA** **The Golden Patient Initiative: A Quality Improvement Project that Led to Annual Cost Reduction of Approximately £226,000!**
Nimesh Jayasuriya, Mei Yen Liew, Bethany Chung, Scotland Foundation School
Katarzyna Milto, Hannah Douglas, Domminique Hughes,
Phillipa Rust
- 06ORA** **Utility of Ultrasound Surveillance Following Transjugular Intrahepatic Portosystemic Shunts (TIPS) for Refractory Ascites in Detecting Shunt Dysfunction**
Wilson Lim, Imran Karim Janmohamed, Jim Zhong, Yorkshire and Humber Foundation School
Sapna Puppala, Jai V Patel
- 07ORA** **A new Insulin prescription and administration chart for insulin-dependent diabetic inpatients in Greater Glasgow and Clyde.**
Lauren Sawdon Scotland Foundation School
- 08ORA** **Designing and executing a bespoke four week clinical internship for European medical students and future IMGs in the context of the covid-19 pandemic**
Anisha Mangtani, Benjamin Clayphan, Antash Daryanani, Severn Foundation School
Dawood Razzak, James Williamson, Jessica Daniels
- 09ORA** **Transurethral resection of bladder tumour (TURBT) operation documentation audit – implementing a standardised online form**
Charlotte Andrew, Nurhan Abbud, Claire Fung, Benjamin North West of England Foundation School
Starmer, Henry Lazarowicz
- 10ORA** **Venous Thromboembolism in Paediatric Inflammatory Bowel Disease**
Charlotte Greene Scotland Foundation School

- 11ORA Quality Improvement Project for Venous Thromboembolism (VTE) Assessment Compliance**
 Eleni Simantira, Patrick Barclay
 Yorkshire and Humber Foundation School
- 12ORA Changes to the FY1 transition during the COVID-19 pandemic and their impact on preparedness for practice: a national survey of UK foundation doctors**
 Connor J S Moore, Natalie S Blencowe, Linda Hollen, Clare van Hamel
 Severn Foundation School
- 13ORA Documentation of Intimate Examinations**
 Olivia Darby, Danielle Hill, Lauren Cunningham, Mary McNamara , Nicola Okenden , Sarah Imbush, Hannah Jeffery, Laura Ward
 Yorkshire and Humber Foundation School
- 14ORA “FY1 - What we wished we’d known” – Preparing final year medical students for transition to FY1**
 Qingzi Guo, Peter J. Eves, Michelle T. A. Doherty, Hannah Gardiner, Anna Kearney,
 Northern Ireland Foundation School
- 15ORA Climate reform a menace to man? A case report of a penetrating oral injury by metal straw.**
 Evelyn Qian
 Scotland Foundation School
- 16ORA Reducing Unnecessary Blood Tests in a Colorectal Surgery Department.**
 Dean McAvoy, Emily Gardener, Anne Ewing, Mr Mark Potter
 Scotland Foundation School
- 17ORA Improving Efficiency and Patient Care in the Acute Medical Unit with a Red Text Auto-text Tool**
 Nicole Quah Qin Xian, Vijay Ramadoss
 North London Foundation School
- 18ORA Unexpected pathological findings in 189 Lung Volume Reduction Surgery patients: clinical relevance.**
 Navid Ahmadi, Stephen D Preston, Judith Babar, Giuseppe Aresu, Adam Peryt, Jurgen Herre, Jasvir Parmar, Ravi Mahadeva, Aman S Coona, Masehullah Sadiqi
 North London Foundation School
- 19ORA Applying to specialty training: assessing the impact of a specialty application teaching series on FY1s in a tertiary teaching hospital**
 Rose Herbert, Stephanie D'Costa , Sreedevi Nair, Ahmad Ali
 North West of England Foundation School
- 20ORA A QiP to Improve the Assessment of Patients >75 years admitted under General Surgery: Focusing on Treatment Escalation and Frailty Scoring**
 Jocelyn Cheuk, Alice Raban
 Severn Foundation School

Case Report Poster Group

- 01CR1 Mesalazine-induced myopericarditis in a professional athlete**
 Tristan Fraser, Christopher Steadman, Christopher Boos Wessex Foundation School
- 02CR1 Diagnostic Imaging of Osteomyelitis – A Case Discussion**
 James Cassels, Dr Winston Rennie Leicester,
 Northamptonshire and
 Rutland (LNR) Foundation
 School
- 03CR1 Ischaemic Priapism: A Rare Thromboembolic Complication of Covid-19 Pneumonia**
 Josephine Walshaw, Jemima Cohen Yorkshire and Humber
 Foundation School
- 04CR1 Borderline Personality Disorder. The challenge of management in Primary Care.**
 Aisling Brinn Severn Foundation School
- 05CR1 Management of unresectable insulinoma using cloud-based continuous glucose monitoring (CGM): a case report**
 Gemma Gardner, David Sherriff, Daniel Flanagan Peninsula Foundation
 School
- 06CR1 An acute severe presentation of leptospirosis in a 54 year old male**
 Holly Brownlee Severn Foundation School
- 07CR1 A case of Posterior Reversible Leukoencephalopathy Syndrome (PRES) during COVID-19 pandemic.**
 Roberto Lim Trent Foundation School
- 08CR1 A Pregnant lady with Methaemoglobinemia**
 Ammaarah Hafejee, Vinay Badhwar North London Foundation
 School
- 10CR1 Post thyroidectomy haemorrhage has an incidence of 0.1-2.1% and is a surgical emergency with potentially life threatening consequences. This case report details a male in his 40s with this complication, with a focus on how it was identified and managed.**
 Daniel Worthington Wessex Foundation School

- 11CR1 Untreated lichen sclerosus and subsequent delayed diagnosis of vulval cancer during the COVID-19 pandemic: a case presentation**
Nadia Satti, Janvi Patel
Leicester,
Northamptonshire and
Rutland (LNR) Foundation
School
- 12CR1 A rare case of a migrated Axios stent causing small bowel obstruction**
Donal McKeever
Northern Ireland
Foundation School
- 13CR1 Large solid pseudopapillary tumour of the pancreas in early pregnancy: When to operate?**
Raheel Ahmad
West Midlands Central
Foundation School
- 14CR1 Isolated sixth cranial nerve palsy as the first presenting sign of acute demyelinating disease in a 3-year-old child**
Anna Zatorska, Courtney Powdrill, Tadeusz Ginter,
Lloyd Bender
South Thames Foundation
School
- 15CR1 Iatrogenic calcaneal fracture secondary to Total Knee Replacement**
Barbie Giri, Dr Sudhir Robertson, Dr Paul Porter
Severn Foundation School

Quality Improvement Poster Group 1

01QI1	Atrial Fibrillation: Changing an Irregular Practice Shu-Yi Claire Chan, Bridget Kemball, Jessica Macready	Severn Foundation School
02QI1	Team-Based vs Ward-Based Surgical F1 Doctors and the Impact on Patient Care Jenna Doherty	North West of England Foundation School
03QI1	Belfast Hepatology Unit Clerk In QI Project Timothy Spence, Jason Nicoletti, Lewis Bonsell	Northern Ireland Foundation School
05QI1	Evaluation of colon cancer service: missed diagnostic opportunities of right colon cancer Manpreet Badh, Soumya Ojha, Jordan Foley, Husna Shinwari	West Midlands Central Foundation School
06QI1	Appreciative Inquiry for Medicine Out of hours Oncall James Speed, Kiran Ranganathan	Peninsula Foundation School
07QI1	Improving Staff confidence and competence when phoning an ambulance on Cove and Dune wards (older age psychiatry wards in Weston) Olga Karkanevatos, Hayley Andrews	Severn Foundation School
08QI1	Actionable Reporting Yu Jing Lee, Zi Xin Lim	Scotland Foundation School
10QI1	Preoperative Fasting in Adults – A Quality Improvement Project at Macclesfield District General Hospital Daniel Saad, Hanaa Mughal	North West of England Foundation School

- 11QI1 Vitamin B12 levels and hydroxocobalamin injections in an urban GP practice**
Patrick Whelpdale
Yorkshire and Humber
Foundation School
- 12QI1 Lithium Counselling in Women of Childbearing Age**
Kyla Ng Yin, Sarah Jeyaprakash, Isabella Broughton,
Yasmin Sultana , Olufunke Otuwehinmi
North London Foundation
School
- 13QI1 Transforming the task-board: Improving out-of-hours task identification and
prioritisation**
Elizabeth Alexander, Daniel Butler, Amy Ward
Peninsula Foundation
School
- 14QI1 The Diagnosis of Anal Intraepithelial Neoplasia and Anal Cancer: An Audit of
Practice and Ongoing Quality Improvement Project in a District General Hospital**
Adrian McGrath
Trent Foundation School
- 15QI1 Long-term Prescribing of Benzodiazepines in Primary Care**
Natalia Shafiq
North West of England
Foundation School

Education Poster Group 1

- 01ED1 OSCE Prep UK: A virtual, interactive series designed to mitigate teaching gaps due to COVID-19**
David Hewitt Scotland Foundation School
- 02ED1 The Development and Delivery of an “Introduction to Anaesthesia” Day for Foundation Trainees**
Cassie Brewer, Simon Gill , Thomas Dauncey, Ryan Phillips, William Jones Peninsula Foundation School
- 03ED1 Near peer family and child teaching project in Royal Preston Hospital**
Holly Burton, Isla Kempe, Joel Braidwood, Adam Peer North West of England Foundation School
- 04ED1 Mock virtual OSCE(vOSCE) for the University of Edinburgh medical students - The Examiner Experience**
Halima Okewole, Abbi Megan, Sanita Sandhu, Lisa Sarsam, Patrick Devlin , Matthew McSorley Scotland Foundation School
- 05ED1 Delivering Medical Education webinars to an international audience – key messages for sustained ongoing delivery of multidisciplinary teaching**
Aditya Gangal, Sara Jasionowska North London Foundation School
- 06ED1 Teaching through a pandemic - Lessons learned from small group, interactive teaching sessions, based on University of Nottingham’s Musculoskeletal Disease module for Final Year Medical Students**
Matthew Smitheman Trent Foundation School
- 07ED1 Anaesthetics and ITU: A Regional Initiative**
Sian See Tan, Mohamed Oumar, Dagmar Holmquist Essex, Bedfordshire and Hertfordshire (EBH) Foundation School
- 08ED1 A virtual near-peer teaching programme organised for medical students by foundation year 1 doctors in Plymouth**
Zhangqi Zhao, Nicholas Bridger Peninsula Foundation School
- 09ED1 Implementing a Structured Teaching Programme in Orthopaedics**
Bianca-Rose Low, Lucy Buchanan, Amit Putti, Mujahid Syed Scotland Foundation School
- 10ED1 Clinical Foundations: Facilitating near-peer face-to-face teaching sessions for medical students across Wales**
Isabelle Ray , Jessica Randall , Faris Hussain Wales Foundation School

- 11ED1 The FY101 Handbook in Altnagelvin Hospital**
Peter Pereira, Padraic Lagan, Dr. Athinyaa Thiraviaraj, Nicole Simpsons Northern Ireland Foundation School
- 12ED1 Preparation for FY1: Still Thrown into the Deep End**
Victoria Hebblethwaite, Wendy Tan, Eleanor Britt, Ellena Cotton, Cyra Asher, Akash Doshi North West of England Foundation School
- 13ED1 Teaching on the job for Foundation Doctors- a Literature review and Practical Handbook**
Daphne Chia, Hoi Shan Asia Chan East Anglia Foundation School
- 14ED1 Improving understanding, care and management of tracheostomy and laryngectomy patients amongst Foundation Year (FY) doctors - A Quality Improvement Project (QIP) completed across two district general hospitals**
Samsul Islam, Elaine France, Nawaid Ahmad West Midlands North Foundation School
- 15ED1 Psychiatry Crisis Team Assistantship for Final Year Medical Students – Evaluation of a novel placement for students at a UK Medical School**
Alexander Hutchings, Prof. Samuel Dearman Northern Foundation School

Research / Original Work Poster Group 1

- 01RO1 The Blood Culture Pathway (Audit)**
 Racquel Griffith, Ibrahim Hassan
 North West of England Foundation School
- 02RO1 COVID-19, lockdown 1.0, and the move to telemedicine: impact on glycated haemoglobin in paediatric diabetes mellitus**
 Emily Armon-Drewett, Nivedita Aswani, Julie Smith, Tracy Tinklin
 Trent Foundation School
- 03RO1 Obese, non-eosinophilic asthma: frequent exacerbators in a real-world setting**
 Sachin Ananth, Alessio Navarra, Rama Vancheeswaran
 Essex, Bedfordshire and Hertfordshire (EBH) Foundation School
- 04RO1 'As easy as riding a bike': a systematic review of injuries and illness in road cycling**
 Daire Rooney, Neil Heron, Inigo Sarriegui
 Northern Ireland Foundation School
- 05RO1 Efficacy and Safety of Dapagliflozin Versus Placebo in Patients with Heart Failure – a systematic review**
 Esther Omotoso
 North West of England Foundation School
- 07RO1 A Stitch in Time: 10-year Audit of Emergency Cerclage in a Tertiary Hospital**
 Jodie Servante, Melanie Griffin
 Severn Foundation School
- 08RO1 Non-pharmacological methods to reduce pain and anxiety during intravitreal injection procedures**
 Ngee Jin Yap, Nathan Ng, Juan Lyn Ang, Peng Yong Sim, Shyamanga Borooh, Peter Cackett
 Scotland Foundation School
- 09RO1 Urinary p75: A New Biomarker for Motor Neuron Disease?**
 Laura Chapman, Pamela Shaw, Mary-Louise Rodgers, Nick Verber, Stephanie Shephard, Martin Turner, Andrea Malaspina
 Yorkshire and Humber Foundation School
- 10RO1 Brain Tissue Pulsations: An Updated Hypothesis**
 Jonathan Ince
 Leicester, Northamptonshire and Rutland (LNR) Foundation School

- 11RO1 Random C-peptide is a pragmatic measure of beta cell function, predicting glucose variability and hypoglycaemia risk**
Simon Brackley, Nicholas Thomas, Angus Jones Peninsula Foundation School
- 12RO1 Reconstructive Surgery for Major Burns in Children in Low, Middle and High Income Countries: A Scoping Review**
Bhirom Subramaniam, Joshua Ling, Eamon Raith, Kokila Lakhoo Leicester, Northamptonshire and Rutland (LNR) Foundation School
- 13RO1 Associations Between Certainty Of Covid-19 Infection Status And Reporting Of Long Covid Symptoms: The Role Of Nocebo**
Catherine Macleod-Hall, Marcus Munafò, Maddy Dyer Severn Foundation School
- 14RO1 An Assessment of junior doctor confidence in deprescribing**
Minesh Patel, Varsha Sajeesh East Anglia Foundation School
- 15RO1 Why Should ACT work when CBT has Failed? A study assessing acceptability and feasibility of acceptance and commitment therapy (ACT) for paediatric patients with chronic fatigue syndrome/myalgic encephalomyelitis (CFS/ME).**
Jamie Leveret, Prof. Esther Crawley , Dr Sam Gubb, Hannah Kwuo Severn Foundation School
