We are very grateful for the continued support from the following organisations, who have kindly given up their time to support the event.

Alison Hodge, NHS Education for Scotland
 Ashley Byford, NHS England (enhance programme)
 Caran Chamberlain, British Medical Association

Christine Rea, NHS Education for Scotland
 Emily Nicholas, General Medical Council

Georgia Croft, NHS Wales

Helen Johnson, NHS England (enhance programme)
 Jessica Lockhart, Northern Ireland Medical & Dental Training Agency
 Joanna Stephen, NHS Education for Scotland

John Okocha, NHS England (enhance programme)
 Kate Pilgrim, General Medical Council

Kathryn Bryans, Northern Ireland Medical & Dental Training Agency
 Laura Brian, NHS Wales
 Marisa Mason, National Confidential Enquiry into Patient Outcome and Death
 Molly Dineen, Royal College of General Practitioners
 Phil Greenwood, Institute of Medical Ethics

Sarah McKillop, The MDU - Professional medical indemnity
 Tim Combley, British Medical Association

Introduction

Welcome to the National Foundation Doctors Presentation Day 2024. This event is proudly hosted by the UK Foundation Programme Office (UKFPO).

We are thrilled to offer this opportunity for current foundation doctors to present their work at a national meeting and look forward to seeing and hearing about their contributions to medicine and to the NHS.

We are really looking forward to welcoming you in person at The Bristol Hotel.

Format

Foundation doctors from across the UK were invited to submit abstracts relating to Sustainability, Education, Ethics, Research/Original Work, Clinical Case Reports, or Quality Improvement work undertaken during their Foundation Programme training.

Successful applicants have been invited to present on the day, with the top 17 being selected for Oral presentations in the main programme. Oral presentations will be 10 minutes, with 8 minutes to present and 2 minutes for questions.

143 further abstracts have been selected for poster presentations. Poster presentations are carried out in a “mini-oral” format. The audience is a much smaller group made up primarily of the other presenters in the poster group and the presentations last 3 minutes – 2 minutes to explain the key messages of the poster and 1 minute for questions.

Poster presentation groups will run concurrently throughout the day.

Prizes

Each poster group and the oral presentations are judged by a panel. One oral presentation and one poster from each poster group will be selected for a prize. The oral presentations and each poster group will be marked by panels of judges against a set of criteria including choice of subject; presentation and visual aid; depth of knowledge, evidence or research, literature review; and conclusions.

About the National Foundation Doctors Presentation Day

For over ten years, the National Foundation Doctors Presentation Day has highlighted and celebrated the achievements of foundation doctors.

Like a conference in format, the event also provides opportunities for organisations such as the GMC, NICE, NCEPOD and more to engage with this dynamic and enthusiastic cohort of doctors at the start of their career.

Fascinating speakers have volunteered to give the keynote talk, covering all sorts of topics – expeditions to Everest, delivering a baby gorilla by caesarean, sleep! And this year, we are delighted to be welcoming Dr Craig Holdstock BMBS BSc (Hons) PGCE FRCA as our keynote speaker.

The primary focus, however, is on F1 and F2 doctors delivering oral and poster presentations, showcasing their work in Sustainability, Case Reports, Education, Research and Quality Improvement to their peers and senior foundation faculty, and inspiring us all.

Speakers

Dr Mike Masding, MA (Ed) FRCP

Dr Mike Masding is co-chair of the UK Foundation Programme Office and the Lead Foundation School Director in England. He has previously been Head of Wessex Foundation School, and Foundation Programme Training Director and Director of Medical Education at the trust where he does his clinical work. The subject of his MA(Ed) dissertation at the University of Winchester in 2010 was workplace supervision of foundation doctors. He also continues his clinical work as a Consultant Physician & Diabetologist on the south coast, and in what's left of the week spends time with his family, cycles as much as possible and continues to be senior crowd doctor at AFC Bournemouth.

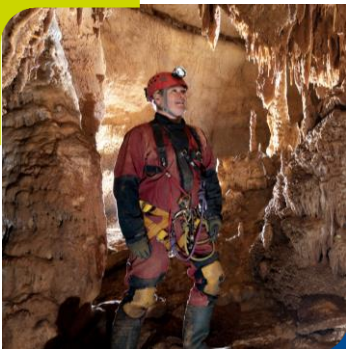

Dr Clare van Hamel

Dr Clare van Hamel is the Severn Foundation School Director and a Consultant Anaesthetist. Clare conceived the National Foundation Doctors Presentation Day in 2011 and delivered the day with her hard-working Severn FS team until 2023. The UKFPO have now taken on the responsibility for the delivery of the event which has become one of the most enjoyable days in her calendar.

Dr Craig Holdstock BMBS BSc (Hons) PGCE FRCA

Dr Craig Holdstock is a Consultant Cardiothoracic Anaesthetist and Intensivist working at University Hospitals Plymouth NHS Trust. Craig undertakes anaesthesia for adult cardiac surgery including coronary artery bypass, valvular and major aortic surgery. He also undertakes anaesthesia for adult thoracic surgery including minimally invasive thoracic surgery and robotic surgery. Craig has an additional specialist interest in hyperbaric medicine and is the anaesthetic lead for DDRC Healthcare.

Craig is the Medical Officer for Devon Cave Rescue Organisation.

This is a team of volunteers who provide specialist rescue in caves and disused mines. He is on the national call-out for cave and cave diving rescue. He is an experienced caver with a variety of experience in both caves and mines including expeditionary caving abroad. He is a cave diver with the Cave Diving Group utilising both open-circuit and closed-circuit equipment.

Dr Tony Choules, BM, BSc, MRCP(UK), FRCPCH, DipMedEd

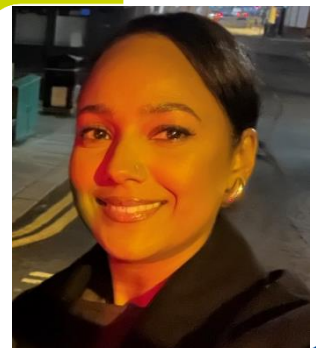

Dr Tony Choules was Foundation School Director and Associate Dean in the West Midlands for many years and is now an advisor to the UKFPO on education and training matters.

As former chair of the Academy of Medical Royal Colleges (AoMRC) Foundation Programme Committee, he led development of the latest iteration of the UK Foundation Programme curriculum, seeking views and best practice across all four nations of the UK. Since obtaining GMC approval for the 2021 curriculum, he has led on its implementation.

He was one of the two foundation school director advisors on the former Health Education England (HEE) Foundation Programme Review and worked to develop resources to facilitate induction and support of foundation doctors, including processes to deliver equity of support and training.

Dr Doanna Daoud, MBBS

Dr Doanna Daoud, a Canadian UKFPO fellow at Durham Hospital and graduate of the University of Khartoum, is dedicated to making a meaningful impact in healthcare. Drawing from her tech background, she values diversity and inclusion, advocating for these as both a POC and IMG. As a healthcare professional, she aims to actively promote inclusivity and has devoted her fellow project to creating "Beyond the Blind Spot: Unravelling Unconscious Bias," a workshop designed to inspire and challenge fellow doctors. Doanna's overarching goal is to serve as a catalyst for positive change throughout her fellowship and beyond.

Dr Aysha Nijamudeen MBChB (Hons) BDS BSc (Hons) MFDS

Dr Aysha Nijamudeen is an academic F2 doctor and UKFPO fellow working in Manchester. Prior to medicine, she qualified as a dentist and worked in Oral and Maxillofacial Surgery for several years; having been through a different training programme has given her an interesting perspective on how to improve the foundation training experience for doctors. She has enjoyed working with the UKFPO and various stakeholder teams so far, and giving foundation doctors a voice at this level.

Her main goal this year is to reduce inequalities in attainment of core/specialty training posts and post-graduate examinations by improving access to training and portfolio activities on rotas; she's passionate about improving training and morale in the profession overall and hopefully this work can be integrated into the curriculum. Outside of work, she is an avid cook and baker, and has recently become an amateur patissiere! To balance the pastries, she also takes part in water sports and hiking.

Faculty

We would like to warmly thank our faculty who have kindly given up their time to support the event.

Shortlisting and judging

Abigail Moore, British Medical Association
 Alexander Gatt, Malta
 Alice Carter, London
 Angela Cottrell, Peninsula
 Aysha Nijamudeen, UKFPO
 Charlie Mackaness, Trent
 Christine Rea, Scotland
 Christopher Fowell, East of England
 Christopher Knight, South West
 Clare van Hamel, Severn
 Eduardo Villatoro, Trent
 Elaine Colaco, UKFPO
 Fiona Cameron, Scotland
 Francesca Crawley, East of England
 Helen Barker, East Anglia
 Jane Jacobi, NICE
 John Tabone, Malta
 Julian Chilvers, West Midlands Central
 Jon Scott, Northern
 Karl Davis, Wales
 Lorraine Corfield, Institute of Medical Ethics
 Lorraine Parks, Northern Ireland
 Lynn Wilson, Northern Ireland
 Manjula Pammi, Trent
 Marisa Mason, NCEPOD
 Mike Masding, UKFPO
 Paul Baker, North West of England
 Rachel Parry, LNR
 Rachel Todd, South West
 Ritwik Banerjee, EBH
 Sara Evans, South West
 Sohail Nassir, West Midlands
 Stephen Taylor, Wessex
 Susan Redward, GMC
 Suzanne Maddock, Peninsula
 Tom Southorn, Trent
 Tom Yapp, Wales
 Tony Choules, UKFPO
 Ursula Gialanze-reitano, Malta
 Xavin Taylor, RCGP

Faculty support

Alison Hodge, Scotland
 Amelia Isaac, UKFPO

Oral Presentations

Set 1

- OP001 INSINC Insight – Breathing Equality and Diversity into the Heart of Cardiothoracic Surgery (ORA07)**
- Presented by: Kirstie Kirkley
 Author(s): K. Kirkley; G. Layton; F. Bhatti; K. Booth
- Severn Foundation School
- OP002 Effect of Liraglutide in managing high output stoma following small bowel resection (ORA04)**
- Presented by: Seong Hui Moon
 Author(s): Seong Hui Moon
- Wessex Foundation School
- OP003 Improving the level of preparedness of foundation doctors when transitioning between rotations/specialities through a foundation doctor handbook (ORA13)**
- Presented by: Megan Driver
 Author(s): Megan Driver, Naomi Blower
- Wales Foundation School
- OP004 Crisis in the Crisis And Home Treatment Team? A Two-Cycle Audit into Staff Training and Appraisal in the CRHT at Penn Hospital, Wolverhampton (ORA20)**
- Presented by: Bilal Khan
 Author(s): Bilal Khan, Callum Singh Grewal, Simal Asher, Eesaa Longden
- West Midlands North Foundation School
- OP005 An Unresolving Case of Fever and Dyspnoea (ORA01)**
- Presented by: Yuxiao Alice Wang
 Author(s): Yuxiao Alice Wang
- London Foundation School

Feedback

Set 2

OP006 BEWARE - Skin Cancer disguised as chronic paronychia (ORA02)

Presented by: Kenal Patel
 Author(s): Kenal Patel

Yorkshire & Humber
 Foundation School

OP007 A quality improvement project to reduce the number of unnecessary fluorescein angiography investigations in Broomfield Hospital (ORA10)

Presented by: Haowen Kwan
 Author(s): Dr Patrick Hughes, Dr Haowen Kwan, Dr
 Mussa Butt, Mr Malhar Soni

Essex, Bedfordshire &
 Hertfordshire (EBH)
 Foundation School

OP008 Remote near-peer regional surgical teaching programme is an effective method to improve Foundation Year doctors' education (ORA05)

Presented by: Omar H Ali
 Author(s): Omar H Ali, Ali Abbas, Teri Toi, Mina Youssef

East Anglia Foundation
 School

OP009 Restart the 'DAMN' Drugs! – A Quality Improvement Project on Post-Acute Kidney Injury Medication Management (ORA14)

Presented by: Andrew Walker
 Author(s): Andrew Walker, Aleena Joy, Michael Corr

Northern Ireland
 Foundation School

OP010 Primum Non Nocere: Exposing Medical staff to the Coroner's Court (ORA18)

Presented by: Tom Twentyman
 Author(s): T Twentyman, A Walters, J Ryan, D Macafee,
 J Heath, AJ Turley

Northern Foundation
 School

Feedback

Please use the below QR code to access the [feedback form](#) to provide constructive feedback on this set of oral presentations.

Set 3

OP011 Potential and Ethical Pitfalls of AI integration in Dermatology (ORA09)

Presented by: Sut Mo Zachary Chan
 Author(s): Zachary Chan, Faishal Dubash
 Scotland Foundation School

OP012 C-R-Pointless? Results of a 4-cycle QUIP to rationalise post-op CRP in Trauma and Orthopaedic surgery (ORA11)

Presented by: Conor Gillespie
 Author(s): Conor Gillespie, George Matheron, Ravi Shenoy
 East Anglia Foundation School

OP014 Reducing cost and plastic waste in Estradiol prescribing (ORA15)

Presented by: Grace Filbrandt
 Author(s): Dr Grace Filbrandt, Dr Mayurika Sinha
 North West of England Foundation School

OP015 On-call Simulation: A low-cost, high impact undergraduate teaching approach (ORA08)

Presented by: Clodagh Beattie
 Author(s): Clodagh Beattie, Maria Miles, Sam Chumbley, Rachel Scott
 Severn Foundation School

Feedback

Please use the below QR code to access the [feedback form](#) to provide constructive feedback on this set of oral presentations.

Set 4

OP016 Opioids Back In The Bottle - A QI Project to improve analgesia prescribing on medical wards (ORA16)

Presented by: Li Ying Tay
 Author(s): Li Ying Tay, Joellene Mitchell

Scotland Foundation
 School

OP017 Quantitative Analysis of Challenges Encountered by UK Widening Participation Medical Students in Comparison with their Non-Widening Participation Peers (ORA19)

Presented by: Krishna Ravulapalli
 Author(s): Ravulapalli KC, Arroyave Caicedo NM, Zahra D, Mirza M

Northern Foundation
 School

OP018 Conflicting Presentations in Psychiatry: Major suicide attempt in the absence of a major depressive episode (ORA03)

Presented by: Danielle Pollitt-Walmsley
 Author(s): Danielle Pollitt-Walmsley

Yorkshire & Humber
 Foundation School

Case Report Poster Group 1 – CR01

- CR101 Granulocyte Colony Stimulating Factor (G-CSF)-induced aortitis in a woman with breast cancer: a case review**
- Presented by: Craig Anderson
 Author(s): Kay Graham, Sofia-Amalia Marinopoulou, Craig Anderson
- Scotland Foundation School
- CR102 Hepatotoxicity Secondary to Diet Pill Use – A Case Report**
- Presented by: Prerana Bhandari
 Author(s): Prerana Bhandari
- Kent, Surrey & Sussex (KSS) Foundation School
- CR104 Laryngeal Tuberculosis: A rare presentation in the United Kingdom.**
- Presented by: Alison Ferguson
 Author(s): Alison Ferguson, Darren Yap, Rabinder Randhawa
- Wessex Foundation School
- CR105 A metachronous appendicitis of duplicate appendix**
- Presented by: Su Wei Ng
 Author(s): Su Wei Ng, Kamel Zidane, Ahmed Abdelrahim
- Northern Foundation School
- CR106 Postoperative Tachycardia: A Sign Warranting Careful Analysis.**
- Presented by: Lavindren Luke Panneerchelvam
 Author(s): Lavindren Luke Panneerchelvam
- Yorkshire & Humber Foundation School
- CR107 10 year delayed complication of tear trough filler: Case Report**
- Presented by: Swapnil Parmar
 Author(s): Swapnil Parmar, Tsong Qwong
- East Anglia Foundation School
- CR108 Spontaneous spinal epidural haematoma: a case report of a rare stroke mimic**
- Presented by: Rahul Penumaka
 Author(s): Rahul Penumaka, Karolina Rzeniewicz, Ravneeta Singh, Brian Drumm
- London Foundation School
- CR109 Benign Cystic Mesothelioma – a rare intra-abdominal tumour**
- Presented by: Abigail Powell
 Author(s): Abigail Powell, Georgios Karagiannidis, Lawrence Toquero
- East Anglia Foundation School
- CR110 The Silent Resurgence: A Case of Ocular and Oto-Syphilis.**
- Presented by: Kathleen Rafferty
 Author(s): Kathleen Rafferty
- Severn Foundation School
- CR111 Spotting the zebra amongst the horses: The difficulties of diagnosing rare conditions on the acute medical take**
- Presented by: Jessica Clair Smith
 Author(s): Jessica Clair Smith, Rebecca Dickinson
- Scotland Foundation School

CR112 Urachal Abscess: Case Report

Presented by: Craig Whitelaw
Author(s): Craig Whitelaw, Mohammed Saqib

North West of England Foundation
School

Case Report Poster Group 2 – CR02

CR201 A Unique Case of Bronchoperitoneal Fistula

Presented by: Kisshan Raj Balakrishnan Wales Foundation School

Author(s): Kisshan Raj Balakrishnan

CR202 Acute kidney injury induced by antimicrobial medications in a patient with metabolic encephalopathy.

Presented by: Amina Waheed

Essex, Bedfordshire & Hertfordshire (EBH)

Author(s): Amina Waheed

Foundation School

CR203 Polyarticular septic arthritis in the seemingly well patient

Presented by: Lewis Cobb

London Foundation School

Author(s): Lewis Cobb

CR204 A Rare Case of Retroperitoneal Spindle Cell Carcinoma (SpCC)

Presented by: Sally Li Er Fong

Trent Foundation School

Author(s): Sally Li Er Fong

CR205 Eruptive seborrheic keratosis and constitutional mismatch repair deficiency: Insights into the sign of Leser-Trélat.

Presented by: William Fostier

Northern Foundation School

Author(s): William Fostier, Richard Martin, Georgie Holt, Katharina Wimmer, Akhtar Husain, Richard Gallon, Neil Rajan

CR206 A case of chronic post-operative endophthalmitis caused by acinetobacter Iwoffii, occurring eight months post-cataract surgery.

Presented by: Rhys Gitau-Jones

Wales Foundation School

Author(s): Rhys Gitau-Jones, Chong Ng

CR207 Combined Intra-Abdominal, Intra-Thoracic and Subcutaneous Splenosis.

Presented by: Eyad Wahab

West Midlands Central Foundation School

Author(s): Eyad Wahab, Ahmad Khalifa, Mohamad Saeed

CR208 Guillain-Barré Syndrome with Cognitive Impairment

Presented by: John Saganty

West Midlands North Foundation School

Author(s): John Saganty

CR209 Amyand Hernia With Periappendicitis In A Patient With Recurrent Inguinal Hernia

Presented by: Mohit Saravana Perumal

East Anglia Foundation School

Author(s): Mohit Saravana Perumal

CR210 Pearls and Pitfalls in Investigating Hyponatraemia: A Case of An Unusual Cause of Hyponatraemia.

Presented by: Alexandra Thomas Severn Foundation School
Author(s): Alexandra Thomas, Hema
Jagannatha, Venkat Molakalapalli

CR212 Central Pontine Myelinolysis CPM: A Patient study Case Report

Presented by: Chelsea Walton Northern Foundation School
Author(s): Chelsea Walton

Research/Original Work Poster Group 1 – RO01

- RO101 “Sweats” may not be indicative of haematological cancers: an analysis of 2-week-wait referrals to haemato-oncology at St Bartholomew’s Hospital, London**
- Presented by: Carola Maria Bigogno London Foundation School
 Author(s): Carola Maria Bigogno, John Riches, Rifca Le Dieu
- RO103 ISS Bone Health and Recovery- An 18-month Preliminary Perspective**
- Presented by: Peter Fernandez Trent Foundation School
 Author(s): Fernandez P., Gordienko K., Locrelle H., Linossier M., Lau P., Rittweger J., Vassilieva G., Vico L.
- RO104 History of repetitive traumatic brain injury as a risk factor for early-onset dementia: a literature review of chronic traumatic encephalopathy**
- Presented by: Brian Donnelly North West of England Foundation School
 Author(s): Brian Donnelly
- RO105 Suicide Prevention on the Railways- Literature review**
- Presented by: Tsz Tsun Ignatius Ip Essex, Bedfordshire & Hertfordshire (EBH) Foundation School
 Author(s): Tsz Tsun Ignatius Ip
- RO106 A systematic review of circulating predictive and prognostic biomarkers to aid the personalised use of radiotherapy in the radical treatment of patients with oesophageal cancer.**
- Presented by: Dylan McClurg East Anglia Foundation School
 Author(s): Dylan P. McClurg, Chandan Sanghera, Somnath Mukherjee, Rebecca C. Fitzgerald, Christopher M. Jones
- RO107 Exploring patterns in topical treatment use for children with eczema**
- Presented by: Katherine Memory Severn Foundation School
 Author(s): Katherine E. Memory, Stephanie J. MacNeill, Matthew J. Ridd
- RO108 Depth of anaesthesia as a determinant of patient comfort and satisfaction with colonoscopy**
- Presented by: Philip Paris Malta Foundation School
 Author(s): Philip Paris, Tolu Osinuga, Peter Cassar, Gregory Selbie, David Cassar, John Schembri
- RO109 Rectus sheath catheters may not provide effective analgesia after paediatric laparotomy.**
- Presented by: Ellie Potter Severn Foundation School
 Author(s): E.Potter, H.Gill, C. Wilson

RO110 Designing a Virtual Reality Café to Treat Eating Disorders: a Thematic Analysis of Stakeholder Viewpoints

Presented by: Lydia Shackshaft

Severn Foundation School

Author(s): Lydia Shackshaft, Laura Chapman, Annabelle Hook, Lucy Biddle, Lucy Yardley, Tamsin Ford, Angela Attwood, Ian Penton-Voak, Mel Slater, Emily Rothwell, Stella Reeves, Alys Mathers, James Downs, Gillian Combe, Sam Clark-Stone, Trinisha Govender, Helen Bould

RO112 'Auspicious liaisons' - Evaluating the impact of a liaison geriatrician initiative on older adults psychiatric wards

Presented by: Daniel Zahedi

London Foundation School

Author(s): P. Swann, D. Zahedi, H. Wong, A. Tolley, T. Paschalis, V. Kirthisingha, E. Ruiz-Mendoza, J. Rubinsztein

Research/Original Work Poster Group 2 – RO02

- RO201 Designing a core outcome set for studies of Intrahepatic Cholestasis of Pregnancy**
Presented by: Nadejda Capatina East Anglia Foundation School
Author(s): Capatina Nadejda, Williamson Catherine, Hague William, Ovadia Caroline
- RO203 Adapting to compromised routines: capturing parental perspectives on physical activity and health for children and adolescents with type 1 diabetes in the UK during COVID-19 lockdown. A qualitative study.**
Presented by: Alisha Gupta Northern Foundation School
Author(s): Rachel Stocker, Alisha Gupta, Guy S Taylor, James A Shaw, Daniel J West
- RO205 Investigating the Roles of Macrophages in Inducing Calcinosis in Patients with Systemic Sclerosis using a Novel Coculture Model**
Presented by: Kaifeng Liang London Foundation School
Author(s): Kaifeng Liang, Sandra Lopez Garces, Tamara Searle, Henry Lopez, George Martin, Teresa Collins, Jennifer Cross, Christopher Denton, David Abraham, Richard Stratton
- RO206 A novel framework for equity-focused evidence-synthesis: “EQUALS M+” to enable effective evaluation**
Presented by: Lucy McCann London Foundation School
Author(s): Lucy McCann, Lucy Johnson, John Ford
- RO207 Malignant melanoma in Northern Trust during 2013, 2019, 2020 and 2021 – changing patterns of cases diagnosed by GP referral and disease stage shift.**
Presented by: Rebecca Jayne McKillen Northern Ireland Foundation School
Author(s): McKillen RJ, Hawkins ST, Bennett D, Skillen L
- RO209 Epidemiological Projection Modelling of Demand for Eye Care in Wales**
Presented by: Ahmed Bilal Wales Foundation School
Author(s): Ahmed Bilal, Prof. James Morgan
- RO210 Long-term survival of hemi sternotomy aortic valve replacement versus median sternotomy aortic valve replacement.**
Presented by: Asmita Singhania Severn Foundation School
Author(s): J Chan, A Singhania, G D Angelini, H Vohra

RO211 Understanding the wellbeing of foundation doctors and evaluating the impact of a brief, individualised triage intervention to support wellbeing: A single centre, mix-methods evaluation

Presented by: Emily Taylor

Author(s): Emily Taylor, Rohini Aggarwal, Katie Hobson

North West of England

Foundation School

RO212 A validated web-application (GFDC) for automatic classification of glaucomatous visual field defects using Hodapp-Parrish-Anderson criteria

Presented by: Arun Thirunavukarasu

Author(s): Arun J Thirunavukarasu, Nikhil Jain, Rohan Sanghera, Federico Lattuada, Shathar Mahmood, Anna Economou, Helmut C Y Yu, Rupert Bourne

Oxford Foundation School
