Invitation to contribute to the NFDPD 2025 gallery

For over ten years, the National Foundation Doctors Presentation Day has highlighted and celebrated the achievements of foundation doctors.

Now you have the opportunity to share your experience of this celebratory day, proudly hosted by the UK Foundation Programme Office (UKFPO).

A selection of the pictures uploaded to the NFDPD gallery will be published on the UKFPO website following the event.

To upload your pictures to the NFDPD gallery, please follow the below steps:

1. Scan the QR code
2. Select 'send email'
3. Attach the images to your email
4. Select 'send' when you are ready

#NFDPD

We are very grateful for the continued support from the following organisations, who have kindly given up their time to support the event.

MDU

General
Medical
Council

NICE National Institute for
Health and Care Excellence

Trade stands

Helen Johnson, Ashley Byford, Catherine Gouveia
NHS England (enhance programme)

Phil Greenwood,
Institute of Medical Ethics

Emily Nicholas,
General Medical Council

Sandiep Sekhon,
The MDU - Professional medical indemnity

We would like to warmly thank our faculty who have kindly given up their time to support the event by shortlisting abstracts, judging on the day and providing logistical support on the day.

Introduction

Welcome to the National Foundation Doctors Presentation Day 2025. This event is proudly hosted by the UK Foundation Programme Office (UKFPO).

We are thrilled to offer this opportunity for current foundation doctors to present their work at a national meeting and look forward to seeing and hearing about their contributions to medicine and to the NHS.

We are really looking forward to welcoming you in person at Sheffield United Football Club.

Format

Foundation doctors from across the UK were invited to submit abstracts relating to quality improvement / sustainability work, education, research or original work, and clinical case reports undertaken during their Foundation Programme training.

Successful applicants have been invited to present on the day, with the top abstracts being selected for either oral or poster presentations. Oral presentations are 10 minutes in length, with 8 minutes to present and 2 minutes for questions. Poster presentations are carried out in a “mini-oral” format, with 2 minutes to explain the key messages of the poster and 1 minute for questions.

Category winner

The oral presentations and each poster group are judged by their category group panel. One oral presentation and one poster from each poster group will be selected as the category winner. The oral presentations and each poster group will be marked by panels of judges against a set of criteria including choice of subject; presentation and visual aid; depth of knowledge, evidence or research, literature review; and conclusions.

About the National Foundation Doctors Presentation Day

For over ten years, the National Foundation Doctors Presentation Day has highlighted and celebrated the achievements of foundation doctors. The primary focus of the day is on FY1 and FY2 doctors delivering oral and poster presentations, showcasing their work in sustainability, case reports, education, research and quality improvement to their peers and senior foundation faculty, and inspiring us all. In addition, we are delighted to be welcoming Dr Navina Evans, Chief Workforce, Training and Education Officer for NHS England, as our keynote speaker.

The event also provides opportunities for organisations such as the GMC, NICE, NCEPOD and more to engage with this dynamic and enthusiastic cohort of doctors at the start of their career.

Speakers and session chairs

Dr Mike Masding, MA (Ed) FRCP

Dr Mike Masding is co-chair of the UK Foundation Programme Office and the Lead Foundation School Director in England. He has previously been Head of Wessex Foundation School, and Foundation Programme Training Director and Director of Medical Education at the trust where he does his clinical work. The subject of his MA(Ed) dissertation at the University of Winchester in 2010 was workplace supervision of foundation doctors. He divides his time between UKFPO and clinical work as a Consultant Physician & Diabetologist.

Dr Navina Evans MBBS DCH MRCPsych CBE

Navina is the Chief Workforce, Training and Education Officer at the new NHS England, leading the Workforce, Training and Education (WT&E) Directorate. This means that NHS England has now taken on responsibility for all activities that were previously undertaken by HEE. This includes planning, recruiting, educating, and training the health workforce; ensuring that the healthcare workforce has the right numbers, skills, values and behaviours in place to support the delivery of excellent healthcare and health improvement to patients and the public.

Dr Navina Evans was HEE CEO from October 2020 to April 2023. HEE was part of the NHS, and worked with partners to plan, recruit, educate and train the healthcare workforce.

Previously Chief Executive of East London NHS Foundation Trust (ELFT) from 2016 to October 2020, Navina has over twenty years of clinical experience in psychiatry, medicine and paediatrics and previously held the positions of Deputy Chief Executive and Director of Operations.

Navina has worked as the Clinical Director for Child and Adolescent Mental Health Services at ELFT. She has also been involved in medical education and provided pastoral care to medical students. Navina acts as a trustee for Think Ahead Organisation which develops training programmes for mental health social work. She was awarded an honorary fellowship by the Royal College of Psychiatrists in 2020. She is a senior fellow at the Institute of Healthcare Improvement. Navina uses her voice in support of staff wellbeing and coproduction with patients, advocating for the best possible quality of life and creating a culture of enjoying work for staff. She was awarded the Commander of the British Empire in the 2020 New Year's Honours List for services to NHS Leadership and the Black, Asian and Minority Ethnic community.

Dr Darya Dasha Ibrahim

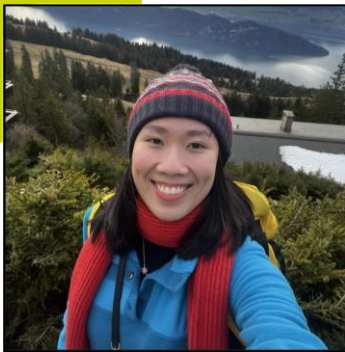

Dr Dasha Ibrahim is a Specialised Foundation Year 2 Doctor in Leadership based at Manchester Foundation Trust, currently working in the Emergency Department.

As one of two UKFPO Fellows for 2024-25, Dasha is working on several projects, with a primary focus on addressing sexism and sexual harassment.

Dasha is passionate about Health Management and Leadership, with a particular interest in promoting Equality, Diversity, and Inclusion in healthcare.

Dr Jie Fei Lau

Dr Jie Fei Lau is a Malaysian FY2 doctor on the enhance Foundation Programme at Tameside Hospital, Greater Manchester and a UKFPO Fellow. Having graduated from the University of Aberdeen, Scotland, she loves sharing tales of her rural placements from the Outer Hebrides to the rugged coasts of Shetland to the Scottish Highlands. Her medical school experience has inspired her to incorporate her interest in medical humanities and remote & rural medicine in her UKFPO project “Humans of the Foundation Programme”- a platform for resident doctors to share their stories and spread creativity.

Additionally, Jie Fei works closely with the North West Foundation Forum to continue the work on widening access to training opportunities amongst resident doctors. She is keen on collaboration and looks forward to meeting like-minded individuals in this space.

Outside work, Jie Fei enjoys rock climbing in the Peak District and piano-playing in the quiet moments.

Dr Fiona Cameron

Dr Fiona Cameron is Foundation School Director in Scotland and Chair of the AoMRC Foundation Programme Committee (AFPC). The AFPC is responsible for curriculum development and implementation. She has previously been Training Programme Director and RCoA regional adviser for Anaesthesia in the east region of Scotland. She is a Primary FRCA examiner and was Chair of the clinical subcommittee. She divides her time between her commitment to Foundation and clinical work in critical care and anaesthesia.

Dr Lorraine Parks, MMEDSci, FFARCSI

Dr Lorraine Parks is Associate Postgraduate Dean & Director of Foundation Training for Northern Ireland. Dr Parks graduated in Medicine from Queen's University in 1991, and after completing Specialty training was appointed as a Consultant Anaesthetist in 2001. Throughout her career Dr Parks has had an interest in Medical Education. She was involved in the redesign of the QUB Undergraduate Medical curriculum 1998-2000 and appointed QUB Honorary Lecturer in 2001, progressing to Senior Lecturer in 2007.

In 2012, Dr Parks was appointed to the Northern Ireland Medical & Dental Training Agency (NIMDTA), to lead on the development and delivery of the Foundation Regional Teaching programme.

In 2016 she was appointed Deputy Director of the Foundation School, a post which she held until her appointment as Director of the Foundation School in 2018.

Dr Alison Ingham

Dr Alison Ingham is the Deputy Foundation School Director for Wales and works as a consultant anaesthetist and intensivist in Bangor, North Wales. She was previously Foundation Training Programme Director in Bangor, and has also held educational roles in Undergraduate, ACCS and Intensive Care Medicine training. She has a leadership role in organ donation and sits on the National Organ Donation Committee. Currently she is undertaking a Diploma in Tropical Medicine and helping develop a partnership between her department in Bangor and a hospital in rural Sierra Leone. Outside of work she enjoys anything to do with mountains or the sea, for which Bangor is ideally located.

Oral Presentations

Feedback

Please use the below QR code to access the feedback form to provide constructive feedback on the oral presentations.

Oral presentations - Set 1

OP001 Tackling Differential Attainment - Preparing for FY1 Around The World

Presented by: Haya Memon & Megan Pode
 Author(s): Haya Memon, Megan Pode, Liam Roach, Jaiesh Lilley
 North West of England Foundation School

OP002 Gas Cooking Indoors and Respiratory Symptoms in the Longitudinal ECRHS Cohort

Presented by: Holly Pan
 Author(s): Dr Holly Pan, Prof Debbie Jarvis, James Potts, ECRHS II and III Collaborators, Dr Elaine Fuytes
 Kent, Surrey & Sussex (KSS) Foundation School

OP003 Back to life in 4 hours: a return of spontaneous circulation after cardiac arrest

Presented by: Sapphire Cartledge & Matthew Moran
 Author(s): Sapphire Cartledge, Matthew Moran, Alice Southwell, Cuong Dang
 North West of England Foundation School

OP004 Angiotensin Converting Enzyme Inhibitor Induced Angioedema - A Rare but Life-Threatening Reaction

Presented by: Vaishnavi Hemdev
 Author(s): Dr Vaishnavi Hemdev, Dr Muhammad Yousaf Khalid
 Yorkshire & Humber Foundation School

OP005 Work experience to widen access: experiences of a District General Hospital

Presented by: Abbie Green
 Author(s): Dr Abbie Green
 East of England Foundation School

Oral presentations - Set 2

- OP006 'What I Wish I Knew': Delivering a Novel Bridging Curriculum to Support Newly Qualified Physicians In Their First Year Of Practice**
- Presented by: Emily Morris Oxford Foundation School
 Author(s): Emily Morris, Sonia Johnson, Sam Krasner, Anam Choudhry, Tatiana Rooney, Isabelle Zou, Ella Dunlop, Nicholas Farmer, Robbie Adamson, James Hughes
- OP007 Improving the management of acute kidney injuries in vascular surgery patients; the MDT approach.**
- Presented by: Jack Bennett North West of England Foundation School
 Author(s): Jack F. Bennett
- OP008 Direct Admission to PPCI Centres in Out of Hospital Cardiac Arrests and Effect on Survival**
- Presented by: Alexander Hunt North West of England Foundation School
 Author(s): Alexander Hunt, Justin Chiong, Farzin Fath-Ordoubadi
- OP009 Management of eating disorders in general paediatrics**
- Presented by: Irtiqa Ahmed North West of England Foundation School
 Author(s): Dr Irtiqa Ahmed, Dr Mark Robinson
- OP010 Improving Referrals from General Surgery to Elderly Care**
- Presented by: Sophie Price North West of England Foundation School
 Author(s): Sophie Price, Dula Alićehajić-Bečić

Feedback

Oral presentations - Set 3

OP011 Clinician Led Coding- Improved Earnings in Rhinology Surgery

Presented by: Lucy Osborne London Foundation School
 Author(s): Dr Lucy Osborne, Ms Gabrielle Thompson, Mr Rajeev Advani, Mr John De Carpentier

OP012 A Quality Improvement Project to Improve Oxygen Prescribing in an Acute Medical Unit

Presented by: Afrose Dor North West of England
 Author(s): Afrose Dor, Samuel Trewick, Onesi Ogedengbe Foundation School

OP013 Multidisciplinary Review of Imaging (MRI)

Presented by: Japsimar Kaur North West of England
 Author(s): Dr Japsimar Kaur, Mr Thomas Mroczek Foundation School

OP014 Emergency Management of Large Intentional Overdose of Enoxaparin and Maternal Mental Health

Presented by: Anna Biju Wales Foundation School
 Author(s): Anna Biju, Zaid Makzal

OP015 Beyond the illusion: A case of probable progressive supranuclear palsy misdiagnosed as psychotic depression

Presented by: Jayaruban Sivakumaran & Ala Bashir East of England
 Author(s): Dr Jayaruban Sivakumaran, Dr Ala Bashir, Dr Mary Stalin Foundation School

Oral presentations - Set 4

OP016 Traumatic Foot and Ankle Injuries: Assessing Compliance with Ottawa Foot and Ankle Rules for Clinical Documentation and Imaging Requests in the Emergency Department – A Closed Loop Quality Improvement Project

Presented by: William Wallace

London Foundation School

Author(s): Wallace W1, Limaye N2, Rao C3, Ratcliffe G4, Mostafa A2, Blakeley C1

OP017 Virtual Niche Examination Teaching Series: an equitable and accessible approach to clinical examination teaching

Presented by: Omar Mohammad

London Foundation School

Author(s): Dr Lerzan Direk, Dr Caitlin Lee, Dr Omar Mohammad

OP018 The Goliath project -- a mixed methods creative enquiry study exploring the impact of a virtual reality experience on students' understanding of living with schizophrenia

Presented by: Maximilian Paley

Kent, Surrey & Sussex

Author(s): Dr Maximilian Paley, Dr Hugh Grant-Peterkin, Dr Ashok Velineli

(KSS) Foundation School

OP019 The concordance between DVLA guidance and diagnostic outcomes of a first seizure clinic

Presented by: Beatrix Banks

Severn Foundation School

Author(s): Beatrix Banks, Peter Dudley, Sarah Davis, Mark Manford

OP020 Suspend to Mend: Withhold Nephrotoxins to Improve AKI

Presented by: Katherine Mackenzie

Scotland Foundation

Author(s): K. Mackenzie, I. Chisholm, A. Toner, H. McDonald, J. Thorburn, P. van Rhijn
