I-CARE STUDY — RECRUITING NOW

The UK-REACH Cohort Study is recruiting new participants.

Helping us understand the health, work experiences, and views of doctors across the UK — and how best to support the healthcare workforce.

If you have worked as a **Doctor in the UK** within the last year — even if you have now left — **we want to hear from you.**

✓ **Your work & health** ✓ **Medical Training (Prioritisation) Act 2026** ✓ **Health & wellbeing**

Doctors of particular interest: We especially want to hear from **Resident Doctors, Foundation Doctors, SAS Doctors,** and **Locally Employed Doctors.**

REGISTER TO TAKE PART

www.uk-reach.org/referral/fdp/

New participants: create an account and complete a consent form.
Existing UK-REACH members: log in at **uk-reach.org/login/** and complete the questionnaire now.

ABOUT THE STUDY

I-CARE builds on the UK-REACH cohort and aims to improve understanding of work and health experiences in healthcare staff beyond the pandemic.

IS MY DATA SAFE?

All information is kept securely. Your employer will not be told whether or not you participate. Taking part is entirely your choice.

Prize draw: Respondents are entered into a prize draw to win **up to £250 in shopping vouchers** upon completing the questionnaire.

WE WELCOME PEOPLE FROM ALL COMMUNITIES TO TAKE PART
